Product Description

Hard Clear Gel by Gelish can be best described as a new LED gel technology. Assures total control with thick viscosity gels, eliminates bubbles & discoloring in white gel, self levels and provides a smooth finish. Reveal elegance with thin natural looking nails perfect for everyday wear. The pristine performance of these thick viscosity gels utilizes Gel Suspension Technology (GST) which assures total control and workability for the technician. The results are distinct and great for anyone. Gelish Hard-Gel is easy to apply, cures in 20 seconds, out performs the competition, and is versatile in wear for longer nail extensions, shorter nails or even toes. LED Cured Gels bond to the natural nail using a fused keratin bonding system without the use of harsh acids for extreme retention to the nail plate. Professional use only.
