Product Description

Nail Clipper With Catcher Professional by Ultra Implements is made in Japan of high quality Stainless Steel to keep the cutting edges sharp and rust-free. If you want a sleek, high performance nail clipper with ultra sharp, clean-cutting blades, you can't beat this clipper. It even has a sliding, plastic catcher to trap nail clippings for no-mess grooming. Whether you're treating yourself to a premium clipping experience or looking for a unique gift, you owe it to yourself to give this clipper a try!

For Professional Results: Trim nails to desired length and shape. Clippings will be trapped in the catcher for no mess grooming. To empty, simply slide back catcher and dispose of clippings in the trash. Do not cut live skin.
