Product Description

Cuticle Scissors 3 1/2 Inch by Ultra Implements is made in Italy and feature extra-fine tips to trim the smallest, hardest to reach areas. If you have small nail beds or you're having trouble trimming into the corners of your nails, these scissors are for you. The extra-fine tips get into those hard-to-reach areas for a flawless finish!

For Professional Results: Soak fingertips in warm water to soften cuticles. Gently push cuticles back with a manicure stick, cuticle pusher, or soft cloth. Carefully trim the excess cuticle and any hangnails with the cuticle scissors. Fine points are sharp and precise; use caution and do not cut live skin.
