Product Description

Simply the world's most perfect SUGAR SCRUB. This sugar scrub is suspended in a unique gel that breaks down into a conditioning serum as you rub it in to your hands, feet and body. A gentle warming sensation can be felt as you massage the scrub into your skin. Ideal for spa manicures, pedicures and overall body exfoliation, this sugar scrub leaves skin soft, smooth and radiant. The Residue free formula will never clog drains or whirlpool jets. Mess free - no mixing required, dissolves completely.
