Product Description

Qtica Intense Overnight Hand Repair Balm is a thick, rich hand balm for the relief of severely dry, damaged hands. Hands look and feel younger and smoother with Qtica Overnight Intense Repair Balm. The rich, thick balm soothes severely dry, irritated and cracked hands with an intense formula of honey, beeswax, essential oil and vitamins A, C, and E. Anti-aging Retinol Palmitate softens fine lines and speeds cellular renewal so hands never betray age. Used by outdoor athletes and those with extremely thin, sensitive skin to replenish moisture lost during daily activities while preventing further damage.

Professional use: Apply a small amount to the hands as an instant smoother. Can be used with heat and paraffin for a more deeply penetrating therapy.

Home use: Apply a pea-sized amount to each hand and massage until absorbed. For best results use daily.
