Product Description

Rosemary Bath Salts by Gehwol cleanses, refreshes and revitalizes the skin. It cleanses softly and thoroughly, stimulates the circulation, revitalizes and strengthens the skin with the natural power of the oil of rosemary. The soothing substances are deeply absorbed into the pores and prevent excessive perspiration and odor. Regular usage protects the skin against fungal infections with the active ingredient chloroxylenol. During the bath, a fine and discreet scent of rosemary is produced and the water becomes silky-soft. Brush massages in the water intensify the soothing effect.

Active Ingredients: Oil of rosemary, base of bath salts, triclosan, chloroxylenol
