## **Product Description**

Substances Caprylyl Glycol and Undecylenamide DEA provide skin management and strength support for nails damaged by fungal infections. Wheat germ oil, Panthenol, bisabolene offer a rich treatment platform for brittle nails leading to a natural silky shine. Strengthens skin around nails affected by fungal infections while it helps to improve the appearance of dry and brittle nails.

**Ingredients:** Wheat germ oil, panthenol, Bisabolol, Caprylyl Glycol, Undecylenamide DEA Apply to nail bed and surrounding skin/cuticle area twice a day.

Paraben-free Vegan Gluten-Free Suitable for diabetics. Dermatologically tested.
