Product Description

Blue Brow Eyeliner Harmonizer. This pumpkin color is the perfect answer to an eyeliner or brow gone blue. With a 20 year track record is guaranteed to result into a soft brown neutral tone. As a tip, if the existing tattoo is a smudgy blue, add Grey Gone to lighten and increase the yellow tones...

Micro-Pigmentation Centre has been formulating pigments for the last 23 years and is considered a leader in pigment education. High grade quality powders and dispersing solutions and proprietary formulations guarantees 55 pigments you can trust.
