Product Description

Blue Lip Harmonizer. Tattooing lip pigment choices that are blended as burgundy, fuchsia, mahogany and plum formulations will always result into having a blue, grey, purple tone. Harmonizing this with Micro-Pigmentation Centre's Blue Lip Harmonizer will harmonize into an appropriate color.

Micro-Pigmentation Centre has been formulating pigments for the last 23 years and is considered a leader in pigment education. High grade quality powders and dispersing solutions and proprietary formulations guarantees 55 pigments you can trust.
