Product Description

Get Even by Zoya is an advanced ridge filling base coat, that evens out uneven nail ridges and holds nail polish in place. Uneven nails need not prevent polish perfection! Zoya Get Even Ridge Filling Base Coat acts as a smoothing compound for natural nails. It fills in uneven nail surfaces with a dense fiber-like formula that grips the nail plate and creates a smooth surface to insure longer polish wear.

Apply one coat to clean, prepped nails followed by two coats of your favorite Zoya Nail Polish color.
