Product Description

Image does not represent container DESCRIPTION

A gel that transforms into a pleasant mousse when frothed between the hands. Formulated with ultra-mild natural surfactants and a postbiotic ferment to help protect the skin flora. An essential deep cleansing product, phase 2 of the EXPERT CLEANSE PRO double cleansing method. It deeply cleanses impurities from the skin without drying it out or damaging it. Its matte finish is ideal for combination to oily skin.

PRODUCT BENEFITS

Removes excess sebum, bacteria and impurities from the innermost layers of the skin

SKIN TYPE

For normal and combination skin.

MODE OF APLICATION

Gently foam a small amount with wet hands and apply to a wet face and neck. Focus on areas with impurities. Rinse well with warm water.
