## Product Description

#15 Exfoliating Seaweed Scrub by Footlogix is a pedicure scrub formulated with the highest grade imported organic seaweed. This product is optimally blended with essential oils and micro-grained natural pumice. This uniquely scented, invigorating, lightly foaming scrub helps exfoliate dead skin cells on the feet and legs. Leaves the skin with a subtle glow. It is so gentle that it produces no adverse skin irritations. Safe for all skin types, including Diabetics.

**Direction Of Use:** Apply a quarter size amount into the palm of your hands. Starting at the feet, apply in a circular upward motion up the leg and calf. Add water to emulsify the scrub as desired. Rinse product off with water or towel off with a damp cloth and pat dry.
