Product Description

V-SHAPE LIFTING HOME CARE FOR NECK, CHIN AND NECKLINE

15-Day treatment for neck, chin and neckline

Use both in the morning and at night for two weeks. Apply a small amount of V-SHAPE Serum and gently massage into the skin until it is fully absorbed. Then, apply the V-SHAPE Cream and massage into the skin to help it be absorbed. Once a week, apply the V-SHAPE CONTOURING MASK. After the serum, place the mask on the double chin area as shown in the diagram. It is important that the mask is correctly placed on the chin, allowing it to be exposed for 20 to 25 minutes.
