Product Description

Redesensifying professional treatment Eternal

Visible, long-lasting clinical results. The efficacy of the new Eternal formulas has been backed up and proven by clinical studies with visible results and the impressive before and after images.

The Eternal in-salon treatment is a professional treatment for mature skin.

Phase 1: Deep action concentrate, formulated with an exclusive extract of stem cells from Lycum barbarum (goji). Protects and stimulates hypodermic stem cells, profoundly redensifying the skin's appearance.

Phase 2: Medium action concentrate, formulated with an exclusive extract of stem cells from centella asiatica. Reverses cellular senescence, rejuvenating the appearance of ageing skin.

Phase 3 : Concentrate that acts on the superficial layer of the skin, formulated with an exclusive extract of stem cells from Malus domestica (apple). Protects and stimulates dermo-epidermal stem cells. Smooths and unifies the appearance

Peel off mask, creamy peel off mask formulated with ceramides to help restore the skin's barrier function. Contains plant oils to naturally condition the skin.

Intense cream, closing cream that boosts cellular cohesion with high quality collagen, improving skin firmness.
