Product Description

A pale gold vanishing oil. It is formulated with natural, eco-certified emollients, a surfactant and ginger extract with an anti-pollution effect. Surface cleansing product, phase 1 of the EXPERT CLEANSE PRO double cleansing method. It removes make-up and pollution that has accumulated on the skin surface. Its fluid texture is very pleasant to apply and transforms into milk when removed with water. It does not leave residue or shine and is suitable for all skin types.
