Product Description

Extraordinary serum with a luxurious texture that replumps and redensifies the skin. An extraordinary formula based on plant-based active ingredients with rejuvenating properties for a radiant and eternally younger skin

Improves cell renewal rate by increasing the vital substances that form the skin, thereby restoring lost skin volume. The skin becomes fresher, more radiant and firmer.

SKIN TYPE

Anti-wrinkle treatment suitable for skin with wrinkles and flaccid or dull skin lacking in radiance. For mature or prematurely aged skin.

ACTIVE INGREDIENTS

Liposome-based apple tree stem cells (+50%)

Centella PRFC* (+50%)

Lupin bean extract (quality collagen)

MODE OF APPLICATION

After regular skin cleansing, apply the Extraordinary redensifying serum by gently massaging from the centre outwards, concentrating particularly on the wrinkles.
