Product Description

Hydration Activator Serum is a fast-absorbing, deeply hydrating treatment designed to quench and replenish the skin. Infused with Hyaluronic Acid and Glycerin, it draws moisture into the skin, providing long-lasting hydration and improving skin texture. Panthenol nourishes and soothes, while Pentylene Glycol enhances moisture retention for a smooth, plump complexion.

The lightweight formula also features Hydrogenated Castor Oil for a silky finish, leaving skin soft and refreshed. Ideal for dry or dehydrated skin, this serum restores optimal hydration levels, ensuring a healthy, radiant glow. Perfect for daily use, it revitalises and maintains a supple, nourished complexion.
