Product Description

Essential Soft Peeling by Skeyndor is a gommage type of peel made for eliminating the corneous layer dead cells. It also stimulates epidermal biochemical changes. After use, the skin is ready for any type of treatment.

Skin Type: All skin types

Active Ingredients: Rice starch

Application:

- Apply to clean, dry skin. Spread a thin layer of the product using a brush, spatula, or finger tips
- Gently press into the skin for a few minutes until dry, then start to massage the skin causing gentle friction
- With the friction movements, we can mechanically remove the accumulation of dead cells and impurities on the epidermis surface
- Remove with plenty of warm water, using sponges
- Dry and tone the skin
- This product can be used 1 to 2 times a week
